SUBJECT:

Proposed Revision of [REDACTED]
Supply, Material Disposition
(Job #1382-REB)

25X1

1. Subject regulation is forwarded for comment and concurrence.

2. This revision is to give field officials authority to take disposal action on certain categories of excess property without the necessity of submitting reports for such property to headquarters for disposition instructions as prescribed in the current regulation. Furthermore, the change proposes that, under certain conditions, the sale of material without a written condition clause in the selling instrument may be made, and that sales involving foreign currency be also governed by [REDACTED] (proposed). Changes have been underlined for your reading convenience.

3. The headquarters regulation is not affected by this change.

4. This draft was initiated by the Director of Logistics. Further information may be received from [REDACTED]

5. It is requested that you indicate your comments and concurrence on the attached Concurrence Sheet and forward it to this Staff by 8 NOV 1955.
